One other technique is to test out prices by making a number of duplicate sales pages with totally different prices on every page. Ensure that your sales copy is exactly the similar on each page, and

contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum price is.

Finally, when you've written a guide that solves a drawback or presents a brand new approach, your e-book will usher in each traffic and profits.
